OUR VALUES

We are committed to

- the creation of **Car Free Cities** and **Transit Oriented Developments**, where clusters of neighborhoods are inter-linked by parks, cycle lanes, walkways, trams and metro rails forming pedestrian friendly environments, effectively separating pedestrians from cars,
- creating car-free inter-city AND inner-city public transportation, especially tramways & highspeed railways, ensuring reduction of road accident demands and emergency services,
- helping restore South Africa's passenger rail infrastructure and helping return trams to all major South African cities.

MISSION: Creating transit-oriented, pedestrian-friendly cities with restored rail infrastructure across South Africa and globally.
